

**AROUND THE WORLD WITH
THE AMERICAN RED CROSS.**
In Belgium.

War, disease and exposure were not all that Belgian children were to, for enemy shells constantly dropped into what little of their the invader did not hold. In this picture Red Cross nurses are seen some of the fifty babies from the American Red Cross nursery at one into a bomb-proof structure as the Germans opened fire from the sea.

AN AGREEABLE SURPRISE.
"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

CLERK'S SALE.
By virtue of sundry decretal orders ne directed, I will sell before the t. House door, in the town of nsboro, S. C., Fairfield County, Monday, Nov. 3rd, 1919. o'clock A. M., the following des- d real estate to wit:

Sold at the suit of Nettie B. Veal vs. Eunice M. Veal, et al, for partition. J. E. Cornwell.
Clerk C. C. Pleas, Chester Co., S. C.

CLOVER AND ALFALFA OFTEN FAIL BUT SHOULD BE PLANTED
There are two legumes with which there have been many failures in the South, but they are such good crops that it seems to us a progres- sive farmer can scarcely afford to do without at least a small acreage of each. We refer to Crimson clover and alfalfa.
We believe every Southern farm should have a small acreage, at least, seeded to crimson clover every fall. Last fall was rather favorable for it, but the two falls before were gener- ally unfavorable, but it is such a great soil-builder and furnishes so much spring grazing when it does well that it is hard to afford to fail half the time. It has succeeded well the other half. It continues to sow it, and he and me accustomed to it, it will more than half the time, and it has succeeded it is a wonderful crop.
It also fails or has failed with usually if it fails it is because of more of four things: Lack of seed, lack of fertility, lack of lack of inoculation. One or these conditions is responsi- bly all failures. But it costs time and seed alfalfa. Yes, the king of all hay crops succeeds, and there are few which there is not sufficient which alfalfa will succeed if the conditions which it de- se conditions which t de- the Progressive Farmer.

SPECIAL NOTICE
I HAVE OPENED UP A FIRST CLASS MEAT MARKET IN THE OLD TOWN HALL BUILD- ING. I HAVE NEW REFRIGERATORS AND CARRY THE BEST OF MEAT ONLY. I SELL FOR CASH AND MAKE NO DELIVER- IES. I THEREFORE SELL FOR LESS.
